CHETHIPUZHA
SUMMATIVE ASSESSMENT - II - 2015-'16

STD: IV   Time: 1 hr.   **ENGLISH**   Max. Marks: 50

SECTION A - READING (10)

I. **Read the passage and answer the following questions:-**

A boy named John was once taking care of some sheep not far from a forest. Nearby was a village, and he was told to call for help if there was any danger.

One day, in order to have some fun, he cried out with all his might "The wolf is coming! The wolf is coming!". Men came running with clubs and axes to save the boy from the wolf. As they saw nothing, they went home and left John laughing in his sleeve.

Because he had so much fun, John cried out again the next day, "The wolf! The wolf!". The people came again. Again they saw no trace of the wolf, so they shook their heads and went back.

On the third day, the wolf came, John cried for help. "Help, help. The wolf! wolf" But not a single man came to help him. The wolf killed many sheep. John felt very sorry that he had deceived his friends and neighbours, and he cried for his sheep were killed.

The truth itself is not believed, from one who often has deceived.

[deceived - meaning - give a misleading impression]

a. What is the name of the boy? What was he doing?

b. What did the boy shout? Why did he shout?

c. What happened on the third day?

d. What do you think the boy learned by the end of the story?

e. Give a suitable title for the passage.   (1×5=5)

II. **Read the following poem and answer the questions that follow:-**

A pin has a head, but has no hair;
A clock has a face but no mouth there;
Needles have eyes, but they cannot see;
A fly has a trunk without lock or key;
A timepiece may lose, but cannot win;
A coin may field dimples without a chin;
A hill has no leg but has a foot;
A wine-glass has a stem but not a root;
A watch has hands, but no thumb or finger;
Rivers run, though they have not feet;
And baby crows, without being a cock.   *- Christina Rossetti*

a. Who is the author of the poem?

Write True or False.

b. Needles can see.

c. A wine glass has a root but not a stem.

d. A baby crows because he is a cock.

e. A watch has hands.   (1×5=5)

I. Qns. 1-8 carry 1 mark each.   **(1×8=8)**

1. The longest chord of a circle is _____ .

2. 4 kg = _____ g.

3. Total distance around a closed figure is called _____ .

4. 500 ÷ 1 = _____ .

5. Fraction with same denominators are called _____ .

6. 5A, 55B, 555C, _____, _____.

7. 800 × 20 = _____.

8. The number left over after division is called _____.

II. Qns. 9-14 carry 2 marks each.   **(2×6=12)**

9. There are 40 stars. A quarter of them are red. How many are not red?

10. A book contains 431 pages. How many pages are there in 27 such books?

11. Find the secret message given by the code.

    7 15 4   9 19   12 15 22 5

12. Define :

    a) proper fraction

    b) pictograph

13. Draw a circle and mark any 4 parts.

14. Find the perimeter of the following.

III. Qns. 15-20 carry 3 marks each.   **(3×6=18)**
15. a) I gave 5 toffees each to six of my friends and 4 toffees are left with me. How many toffees did I have?

    b) Subtract 3 kg 450 g from 15 kg 924 g.

16. Complete the number tower.

| 22 | 24 | 26 | 28 |

17. Seema bought 60 m roll of ribbon to fix around a table cloth.

1 m 50 cm

1 m   1 m

1 m 50 cm

    a) How much ribbon does she need for one table cloth?

    b) How much ribbon is needed for 5 such table clothes?

    c) How much ribbon is left in the roll?

18. A mini bus can take 35 students. How many mini buses are needed to take 280 students.

19. a) Find the diameter of a circle if the radius is 6 cm.

    b) Convert $3\dfrac{4}{9}$ into improper fraction.

20. Observe the chart and answer the following.

Scale : $\overset{\circ}{\wedge}$ = 2 students.

No. of children

sing   dance   draw   paint
    a) How many children are in dance?

    b) What is total number of children?

    c) Which is more - children who are dancing or drawing?

IV. Qns. 21-23 carry 4 marks each.   (4×3=12)

21. a) Write the division facts

      $12 \times 4 = 48$

    b) Add : 3 kg 28 g + 5 kg 435 g + 9 kg 142 g

22. Find :

    a) 631 ÷ 4   b) 7143 × 8   c) $\dfrac{23}{45} + \dfrac{17}{45}$ d) $\dfrac{27}{30} - \dfrac{11}{30}$

23. The number of children who went for a picnic from each of the 4 classes of a primary school is given below.

Classes	No. of students
I	40
II	60
III	20
IV	10

Represent the information using a pictograph.
